

## Neon Transformer (electronic)

Waterproof Outdoor Type Topneon Brand [www.zhjb.com](http://www.zhjb.com)

### Features:

1. Maximum up to 15000V output
2. Fully sealed, 100% waterproof
3. Open / short circuit protection
4. Anti-bubbling / anti-mercury migration
5. 100% full load burn-in tested
6. Compact size
7. High quality silicone cable

Model	Output Voltage	Loading@12mm neon tube	Output Current	Input Current	Rated Power	Size(mm)	Packing pcs/carton	Weight per Carton
TPN-1520A	15KV	12meters	30mA	0.55A	125W	194*59*75	20	23KGS
TPN-1220A	12KV	11meters	30mA	0.45A	95W	182*75*59	20	22KGS
TPN-1020A	10KV	9.5meters	30mA	0.35A	80W	182*75*59	20	20KGS
TPN-0820A	8KV	7meters	30mA	0.27A	60W	155*66*47	20	14KGS
TPN-0620A	6KV	5meters	30mA	0.18A	40W	144*53*40	50	20KGS
TPN-0420A	4KV	4meters	30mA	0.14A	30W	101*39*33	100	20KGS

**TOPNEON electronic neon transformers provide the ultimate combination of high impact brightness with outstanding energy savings. We offer output voltages ranging from 1000-15,000v. In addition to our standard 30mA, units select models are also available in 40mA & 60mA, offering increased brightness and more reliable cold weather starts. Our neon transformers are available in an array of input voltages for every need from 100V~240V.**
